PROFILE

BCA graduate and Full Stack Developer Intern who builds responsive web applications with React, TypeScript, Node.js and PostgreSQL, and connects them to REST APIs and Python-based AI services. Comfortable across the stack, from user-focused interfaces to backend services, API testing and Vercel deployments, using Git for version control. Seeking an entry-level Software Developer, Full Stack Developer, or Web Developer role.

EXPERIENCE

Full Stack Developer Intern Nov 2025 – Dec 2025
Cynaris Solutions Pvt. Ltd. Bengaluru, India

- Developed 4 frontend pages for a full-stack internship management platform using React.
- Implemented backend functionality for authentication, invitation workflows, and admin features using Node.js and Express.js.
- Worked with 6 database models using Sequelize to support application data management.
- Contributed to a platform integrating React, Express.js, and PostgreSQL through Supabase.
- Collaborated on project development and version control using Git and GitHub.

PROJECTS

CareerForge AI – AI Career Assistant | github.com/Deepak-tech06/careerforge-ai 2026 – Present
Next.js, React, TypeScript, Tailwind CSS, NestJS, Prisma, PostgreSQL, Python, FastAPI

- Building a full-stack AI platform that brings career guidance, resume building, and skill development into one place.
- Connecting a Next.js frontend to NestJS APIs and a PostgreSQL database (Prisma), with Python/FastAPI services powering the AI features.

Cynaris AI Enterprise Website | cynaris-ai.vercel.app 2025
Responsive multi-page website for AI, data, and cloud solutions

- Built responsive layouts, structured navigation, and dropdown menus for a multi-page company site.
- Deployed on Vercel for public access.

Power BI Dashboard – Sales Analysis 2025
Sales and customer data analysis

- Cleaned and modelled sales and customer data, then built dashboards that surface actionable sales insights.

Early Tech DIY Projects – Instructables | instructables.com/member/deepak_e4d/

- Published DIY technology projects with written documentation and step-by-step presentation.
